RE: Sears Home Services

Dear EDDIE LAMPERT:

In the attached June 20, 2018 letter I brought to your attention, as follows:

- Slander by the Sears Home Services employees against me
- Refusal to provide a service, quoted to me by the Sears Home Services, in a paid assessment of the damage done to my LG refrigerator by another vendor, whom I fired for cause
- Apparent discrimination against me by the Sears Home Services by refusal to provide the above said service

While I did not hear from you, I received a troubling voice mail call from a local Sears Home Services office. Completely sidestepping the above facts of the matter, your employee made a puzzling claim that, to paraphrase, "it would be unethical [sic!!] for the Sears Home Services to provide a repair they quoted me for" and suggesting that I have a vendor who damaged my refrigerator and whom I fired for that to... repair my refrigerator. I find such "suggestion" astonishing!

Mr. Lampert, once again I ask that you compel the Sears Home Services to repair my refrigerator, as quoted by them. Also, I ask that you apologize for slander I was subjected to by your employees. Please take this matter seriously, as it would not go away until resolved to my complete satisfaction.

Sincerely,

Janusz Muszak
